**SUBJECT      Web Site Linking Policy**

### **PURPOSE**

The City of Riverside (City) maintains a web site as one of its principle mechanisms to inform the community, businesses, residents, and visitors about the facilities, services and available of the City of Riverside. The official City web site, <http://www.riversideca.gov>, is the website for information about Riverside. The City has established this website as a "nonpublic forum" whose primary purposes are to facilitate communication between the City and the public, provide an alternative method for conducting certain business with the City, and the dissemination of information related to policies, programs, and services provided by, either in full or in part, and/or administered by the City. Since this website is a nonpublic forum, the City reserves the right to grant or deny requests to establish links from this website to websites controlled or maintained by other entities or individuals.

### **APPLICATION**

This linking policy applies to the City's web site, "<http://www.riversideca.gov>", or other official City web sites or home pages as may be created, managed and maintained by the City. Departments and agencies maintaining separate web sites outside the City's official web site shall also be required use this Linking Policy. Deviations from this policy shall require the approval of the City Manager.

### **THIRD PARTY LINKS ON CITY WEBSITE**

The City website contains links to local, state and federal government agencies and to other, non-governmental websites. In establishing and maintaining its official website, the City does not intend to create any forum or other means for public discourse. Rather, the sole and limited purpose of the permitted external links is to provide information about the City for residents, businesses and visitors. The City does not endorse or provide preferential treatment to any third party websites or associated organizations or persons. Since the City does not control third party websites, it does not warrant that third party websites are accurate or reliable or that they have operational links. The user will be required to acknowledge and agree that the City is not liable in any way for the content, accuracy, reliability, viewpoints, policies, or products provided by these external resources.

It is the City's policy to limit external links to the following entities and organizations:

- Other governmental agencies;
- Entities with which the City has an existing formal, contractual relationship;
- Private educational institutions operating within the City and as defined in Education Code § 210.1, or as described in Education Code § 66010(a) and (b);
- Maintained by a not-for-profit charitable, recreational, or cultural organization serving the Riverside community and receives direct financial support from the City;
- Commercial entities that provide information or services that enhance the usability of the City's web site for visitors; and
- Entities and organizations whose primary purpose is to provide the location, telephone number and/or description of City hotels, restaurants, tourist attractions and similar kinds of tourism information.

In addition, the City reserves the right, at any time and without notice, to:

- Deny or discontinue an external link at any time if the website provides or promotes false, slanderous, illegal, infringing or incorrect information;
- Remove any external link if the nature of the organization to which the link relates no longer complies with the City's external link policy; and
- Revise this policy without prior notice when the City considers such revision to be in its best interests.

## **RESPONSIBILITIES**

It shall be the responsibility of the Information Technology Department to:
