Upon completion of the final building inspection and RPU installation of EV Meter Adapter, I intend to submit ALL required documents for the Time-of-Use EV Rate Meter Rebate and understand applicable program guidelines.

**Please note:**

- The Schedule EV is applicable exclusively to the charging of electric vehicles on a separate meter provided by the Utility in Single Family Dwelling Units concurrently served under Schedule D Domestic Service.
- The customer is responsible for all costs associated with the equipment required under Special Condition 4 of the Schedule EV.
- ALL households must successfully complete a preliminary inspection before EV Meter adapter installation. Not all electrical panels will support the EV meter adapter.
